

DTC
United States Department of State

Washington, D.C. 20520

JUL 01 2008

Dear Mr. Chairman:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed technical assistance agreement for the export of technical data, defense services, and defense articles in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the export of technical data and defense services in support of the integration of the Emirates Air Defense Ground Element (EADGE) and TPS-78 Radar Systems into regional coalition force systems as part of the United Arab Emirates Low Altitude Surveillance System Program.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Matthew A. Reynolds
Acting Assistant Secretary
Legislative Affairs
